

## Dosh supports people with a learning disability to manage their money

### Who are Dosh

We believe that everyone should have personalised support to use their money in the way that they want and for the things they enjoy. Money can be a difficult thing for anyone to manage, but when you are a person with a learning disability there are additional challenges.

For example, around understanding financial decisions or contracts, keeping money safe, paying bills or managing benefits.

Dosh is here to give people the information and support they need to have as much independence and control as possible over their money.

advocacy

## Appointeeship & Financial Advocacy

Financial advocacy and appointeeship are good for people who want regular support to help them pay bills, manage their benefits and budget. It is ideal for people whose family members or support teams do not have the time or benefits expertise to manage their money.

money

## Money Checks

If you only want support with your money as a one-off, we can do a money check. You can download our **Dosh Money Check Guide** from our website for further information.

account

## Account Management

We can provide account management for any adult with a learning disability that has some form of self-directed support (for example a direct payment).

training

## Training & Workshops

We deliver training, workshops and presentations across England, Scotland and Wales to many different people including people with a learning disability, families, social workers and support staff.

We cover lots of different topics around money, including:

- Self-directed support
- Best practice in supporting people with money
- Benefits
- Access to banking
- Budgeting with the money plan game
- Cost of living
