charity

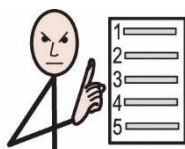

Charity donation

The vouchers are purchased from

<https://instore.giveasyoulive.com>. Any purchase

generates a **donation** to a nominated charity (usually 2%). Dosh does not benefit from this donation and it does not have a cost to the purchaser.

If you wish to choose your own charity, please visit the site and advise the advocate a time of ordering who will arrange this for you. By default, this will be donated to Thera Trust, to support its charitable work for people with a learning disability.

- Once money is on the card, you can't transfer it to other shops or back to your bank account.
- Some cards don't allow certain purchases like fuel.
